

Towngas China Gentle Breeze Movement enters Pingchang, Sichuan

(23 May 2019) On 22 May, the Towngas China Gentle Breeze Movement entered Sichuan to provide aid to Jianshan Primary School and Pingshan County School for the Deaf, sending love and encouragement to the teachers and students.

Located in a remote area, Jianshan Primary School has limited resources. Thus, Towngas China Gentle Breeze Movement did our part in improving their learning environment through refurbishing the walls of the student cafeteria as well as donating a brand-new canopy and air-conditioner for the offices of the dedicated teachers. We also established the Towngas China Charity Library and brought along school supplies to enrich the students' extracurricular activities.

At the event, the students performed a dance entitled “The Country of Courtesy”, which demonstrated their gratefulness and dreams. The guests’ applause also communicated their hopes for the younger generation.

Upon learning about the special needs of the school for the deaf, Towngas China Gentle Breeze Movement donated supplies for art, sewing and hairstyling training, in support of the school’s vocational education for those with special needs, which allows students to develop both theoretical knowledge as well as professional skills.

Mr. Isaac Yeung Chung-kwan, General Manager – Corporate Affairs of Hong Kong and China Gas Company Limited and Senior Vice President of Towngas China, expressed that it is our responsibility as a corporation to support and prioritise the development of the educational industry. In recent years, in addition to ensuring safe and stable gas supply, Towngas China has promoted the Three Courtesies service culture and advocated applying the principles of courtesy and integrity in our everyday lives. As a public utility, we are grateful to the community for their trust and support, and trying our best to give back is also a form of courtesy that every corporate should have. Going forward, Towngas China will continue to consolidate our social welfare resources to contribute to the arenas of education and poverty alleviation.

Officials from the government of Bazhong city, Pingchang county, Mr. Isaac Yeung Chung-kwan, General Manager – Corporate Affairs of Hong Kong and China Gas Company Limited and Senior Vice President of Towngas China, Mr. Huang He, Vice President of Towngas China, Mr. Wang Haihui, General Manager of Towngas China’s Pingchang operations, took part in the unveiling ceremony of the Towngas China Gentle Breeze Movement and Towngas China Charity Library.
